2. Documentation for conformity

When the product is placed on the market, the product needs to be documented with an instruction handbook and product certificate as a minimum, if no additional documentation is requested by the client (REF. Guideline No. 7/19 , approved by WPG from 27/02/2002).

3. Condition for this statement of conformity

Periodical audits and unexpected visits will be held at Zorzini S.p.A. in order to verify if the manufacturer fully complies with the procedures stated in the certification dossier No. Modello 300/400/450/500/600/630 rev. 0 and in order to verify that the requirements of annex I of 2014/68/EU Directive are met.

These components do not meet the definition of pressure equipment according to article 1.2.1, therefore they shall not bear CE Mark.
